

## You Are The Key To Saving Your Histoire

Calling all L'Archiviste to grab your paper and pens. Get ready, set, GO! It is your duty to compile the historical records of all activities of your Salon or Departemental., thus preserving the records of your accomplishments for the future.

My theme for this administrative year is: "You Are The Key to Saving Your Histoire." Take time after each meeting to jot down what your Partners are doing and have accomplished. Better yet, journal as the meeting is ongoing. As the recorder, you will be able to write you Histoire in no time at all.

I would like to receive a personal Histoire and picture from every National Officer and Chairman, Chapeaux Nationaux Passes, L'Archiviste Departementaux, Les Petites Salons L'Archiviste, and Departementaux and Salon Officers and Chairmen. Every Partner is also invited to submit a Histoire and Picture. Forms will be available from your L'Archiviste or from this L'Archiviste Nationale.
